

"Made in Clarkdale....."

You are invited to attend the Clarkdale Chamber of Commerce first holiday exhibition and sale. This project is an outgrowth of the 1987 Clarkdale Townhall. At that time the C of C was charged with the responsibility of improving communication within our community. Commissions from the sales generated at this exhibition will be targeted to the development of a community newspaper.

Participating artists are all members of the Clarkdale community and represent a broad spectrum the arts. Many are known nationally and internationally. Glass, jewelry, painting, pottery and sculpture will be exhibited.
