

Higher Road Designs Teal Sullivan

Designer & Artist
Unique Symbolic Wire
Sculpture & Wearable Art

Symbolism is a magic language that flows like rivers through our lives and the history of our cultures. By tapping into the meanings of symbols, we gain understanding in the realms of philosophy, cultural history, inner awareness, personal identity, and collective community. Incorporating our own personal emblems into our lives serves us in areas of self-discovery and self-expression.

My interest in ancient cultures and symbols inspires me to bring symbols *'alive with meaning'*. I utilize copper wire, custom stones, gemstones and glass beads, feathers, leather, bark, fiber and various organic materials, and polymer clay.

My specialty is creating custom symbolic wire sculptures that include an accompanied *'Artist Expression'*, a tour through the meanings of the art.

I bring experience and skills in fiber arts, woodworking, lapidary arts, wire-wrap jewelry making, and enjoy applying multi-media into creating a truly unique one of a kind artful experience.

I am pleased to be a member of the following Verde Valley organizations:

El Valle Artists Association
Made in Clarkdale
Clarkdale Chamber of Commerce

"Desert Nectar- From Vine to Wine"

Tribute Sculpture to the Yavapai Community College Viticulture Program
August 2010, by Teal Sullivan, Higher Road Designs

"Sisters Celtic Heart", Custom Symbolic Hanging Sculpture, by Teal Sullivan
